County adopts \$76 million budget

BY CASSANDRA FAVRE
STAFF WRITER

Last week, the Hancock County Board of Supervisors adopted the \$76 million FY 2021-2022 budget and set the tax levy.

Hancock County Administrator Eddie Favre said that 49.01 mills is the current county tax levy and the new tax levy is now 45.96 mills, a 3.05 mill reduction.

“Because of the increase in values and this being a reappraisal year, we realize it’s somewhat of an increase, but this reduces downward because of the extra values that have been included in the assessed valuation,” Favre said.

The current school levy is 45.53 mills, Favre said, and the new school levy is 45.03 mills, a half-mill reduc-

tion and will provide the district with the revenues requested.

The total levy is 90.99 mills, Favre said.

This year’s budget totals about \$76 million, about \$20 million more this year than last year, Favre said.

“The reason for that is that it includes a significant amount of capital,” Favre said. “For instance \$7 million for the beach road, money for the arena project, drainage work that needs to be done. There’s a ton of capital projects this year, over and above what we’ve done in the past.”

This year’s budget also includes a three percent raise for employees; additional staff in the DA’s office, sher-

Hancock County Library System welcomes new executive director

BY CASSANDRA FAVRE
STAFF WRITER

Illinois native John Brdecka is the new Executive Director for the Hancock County Library System. He started his new position on Sept. 13.

Brdecka said he grew up in the Chicagoland area as a ward of the state, living in group homes and foster homes throughout his childhood.

At an early age, Brdecka said, he knew he wanted to find a wife, have children, and provide them with the childhood he didn’t have but knew other children were having.

“That’s one thing that gave me the drive, that motivation to succeed in order to be where I am today,” he said. “But I was lucky and fortunate enough to realize that at an early age.”

The group home Maryville Academy, where Brdecka lived for a time, provided anyone who graduated high school and wanted to continue his or her education with a scholarship. He said he also received a different scholarship through the Department of Child and Family Services.

“That motivated me to do well in my schooling,” he said.

Bay approves \$28.7M budget

BY GEOFF BELCHER
GENERAL MANAGER

The Bay St. Louis City Council met in special session last week to approve a \$28.7 million budget for the upcoming fiscal year, as well as a new salary ordinance that will enable pay raises for city employees.

Total projected revenues for the FY 2022 budget are \$28,764,547. Total projected expenditures are \$28,615,138.

The council also voted to approve an ordinance adopting a new salary schedule with raises for every employee of the city.

“We gave police and fire a six-percent across-the-board raise,” Councilman-at-Large Gary Knoblock said, “and all employees that were at \$15 an hour and below got a four-percent raise. Everybody above \$15 an hour will get a three-percent raise.”

Although the new budget begins Oct. 1, the raises will not take effect until November.

“It’s really more a cost-of-living index raise,” Knoblock said, “but the police and fire departments got a little bit more than that — we’re trying to retain police and firemen.”

Knoblock said the new payroll ordinance simplifies the payroll schedule and frees up funds that might otherwise be obligated elsewhere.

“There is the payroll budget and the payroll ordinance that may be different,” he said, explaining that someone may actually be making \$10 an hour but there might be up to \$15 per hour budgeted for that position.

“We did away with that and that kind of released \$100,000 in budgeted payroll raises,” Knoblock said.

The FY 2022 budget includes \$2,530,346 in total expenditures for the municipal harbor, with matching total revenues projected at \$788,760

On Saturday, Sept. 18, at 4:51 p.m. Waveland police officers were dispatched to 102 Old Spanish Trail in response to a vehicle accident. Waveland Police Chief Mike Prendergast in a statement said that the vehicle collided into the front of the residence.

Upon arrival, officers found a 2001 gray Chevrolet Suburban completely inside of the residence, Prendergast said. The driver has been identified as Jason Smouse of Long Beach, he said. Waveland Fire Department assisted with providing treatment to Smouse who was transported to Ochsner Medical Center for further treatment, Prendergast said. The case is currently under investigation, Prendergast said. No updates were available as of press time Tuesday.

Bay P.D. seeks suspect in Old Town shooting

**BY GEOFF BELCHER
NEWS EDITOR**

Bay St. Louis police are seeking a Bayside Park man in connection with a shooting that occurred in downtown Bay St. Louis on Friday evening.

At approximately 11:40 p.m. on Friday, Chief Gary Ponthieux Jr. said, “Officers of the Bay St. Louis Police Department, while patrolling the downtown area, heard numerous gunshots at the 200 block of South Beach Blvd. Officers responded to the scene and attempted to locate suspects. “Officers obtained a vehicle description of a pick-up truck fleeing the scene at a high rate of speed. Officers stopped the truck and identified

Deon Morgan

an occupant of the vehicle as Tray Barnes, a 27-year-old male of Biloxi, who suffered a single gunshot wound.” Ponthieux said Barnes was transported to Gulfport Memorial Hospital, where he was treated for his injuries. “Further investigation identified the shooting suspect as Deon Morgan,” Ponthieux said, “a 42-year-old male of the Bayside Park community in Hancock County.”

Detectives with the Bay St. Louis Police Department obtained an arrest warrant from Municipal Court Judge Stephen Maggio charging Morgan with one count of Aggravated Assault, setting his bond at \$250,000.00, Ponthieux said.

“At this time Morgan has not been located and should be considered armed and dangerous,” Ponthieux said.

This investigation is ongoing. Anyone with information regarding this incident should contact the Criminal Investigations Division at (228) 467-9222. You can also contact Crimestoppers at (877) 787-5898 or submit a tip via the web at www.mscoastercrimestoppers.com.

Supervisors lift mask mandate; accept resignation of Coastal Mississippi Tourism Board member

**BY CASSANDRA FAVRE
STAFF WRITER**

The Hancock County Board of Supervisors on Monday lifted the mask mandate for all county buildings, excluding the county courthouse and courtrooms.

Board President Scotty Adam made a motion to lift the mandate, which passed unanimously.

The courthouse is excluded due to an order from the Supreme Court allowing the judges to impose COVID-19 mandates.

In a separate matter, the board accepted the resignation of Mark Henderson from the Coastal Mississippi tourism board.

Henderson released a full statement on social media on Monday.

“I believe in Mississippi, Regional Tourism Died, Long Live Regional Tourism I believe in Mississippi. I was born in the Delta as my father completed a degree

in Chemistry while working at Baxter Chemical. I was raised in the piney woods near Waynesboro, a town laid in ruins at the altar of free-trade. I was, by the grace of God, selected to attend the Mississippi School for Math and Science in Columbus. I attended Mississippi State University, where I met the love of my life. We settled in Coastal Mississippi, and started our business and family. My wife and I are committed to Coastal Mississippi, and have been deeply engaged in that endeavor. We have served on a variety of boards at local, regional, state, and national levels—donating our time and efforts to do everything we can to make Coastal Mississippi a better place and bring positive awareness to our community.

It was with a heavy heart, I recently resigned from the Regional Tourism Board, effective mere minutes before CEO Milton Segarra tendered his resignation. Notably, the first time I have ever resigned from a board. I did so because I could no longer support the organization, and had, based on my own observations, determined that the board was no longer functional, that it no longer represented the interests of Coastal Mississippi, and had effectively destroyed any chance for collaboration among its commissioners. In the last year, a board that had

State health officials urge pregnant mothers to get vaccinated

BY CASSANDRA FAVRE
STAFF WRITER

Last week, Mississippi State Health Officer Dr. Thomas Dobbs, along with State Epidemiologist Dr. Paul Byers, and senior deputy and director of the Office of Health Protection Jim Craig announced that Mississippi is leading in monoclonal antibody treatments, but is also now number one in COVID-19 deaths per capita, and the risk of COVID-19 to pregnant women. Since the beginning of the pandemic, Dobbs said "we have lost 15 moms to COVID-19 during their pregnancy." "Very much a tragedy," he said. "But, of that number, eight of them have been lost since the end of July." The age range is between 23 and 40, he said, with a median age of 30. Sixty-percent are African-American and 100 percent not fully vaccinated — one was partially vaccinated — Dobbs said. "The medical condition a majority had were overweight, but so are

the majority of Mississippians, so I don't think that that's much of a surprise," he said. "It's really important to consider the risk that pregnant women might have when it comes to COVID-19. We know it can be deadly for moms. Also, too, make sure folks remember that we have had late pregnancy loss after 20 weeks among 72 COVID patients in the state of Mississippi. That's far higher than the background rate for stillbirths that we've seen." Dr. Martin Tucker, the chairman of the Division of Obstetrics and Gynecology at University of Mississippi Medical Center and this year's president for the American College of OB/GYNs, joined last week's press conference. "When we lose a mom, especially with something that could have been prevented, it is a tragedy," Tucker said. Tucker said that the COVID-19 vaccination is safe for pregnant women and should be offered and recommended during pregnancy.

"These vaccines do not pass to the baby," he said. "They are not live virus vaccines. Scientifically, the vaccination does not go to the baby. But, having said that, there is evidence of antibodies to COVID both in cord blood and in breast milk. Although we can't say for certainty those antibodies are protective, I think intuitively, we have to say that that's a good sign if those antibodies are there." Finally, Tucker said that there is no evidence to suggest that there are long-term effects such as affecting fertility, effects on DNA, or any adverse long-term effects, from taking the vaccination. "I plead to all pregnant moms to take the vaccination, I plead to all my colleagues who take care of pregnant patients to recommend that vaccination to their patients,"

Tucker said. "Last CDC information I saw is that approximately 24 percent of pregnant patients nationwide have been vaccinated. We can do better than that and we should do better." At UMMC, since the beginning of the pandemic, there have been 372 admissions related to COVID and pregnancy, Tucker said. There have been 30 admissions to the ICU and of those, 16 of those women required mechanical ventilation. "We have had 12 maternal deaths since April of 2020 that we have cared for in the UMMC system," Tucker said. "That's tragic. Maternal deaths are unexpected, they have long-term effects on families, on

Sheriff's Office Community Liaison Ernest Taylor said the event gives the public an opportunity to meet local law enforcement and first responders, and obtain information about resources available to the community. In addition to representatives from the Bay and Waveland police departments and sheriff's office, several other organizations including Bay and Waveland fire departments and the Mississippi Highway Patrol will be on hand to provide pertinent information to residents. Firefighters — through the use of the portable smoke house — will teach children how to navigate a house fire, Taylor said. The Mississippi Highway Patrol will have a rollover machine to demonstrate how it feels to be in an accident without wearing a seatbelt he added.

Local businesses such as Domino's, Da Kitchen, Claiborne Hill, and more will sponsor the food served during the event, Taylor said. Coca-Cola is also providing drinks. There will be several booths set up providing information on local resources, Taylor said. Waveland Pharmacy will also be in attendance to provide free COVID-19 vaccinations, Taylor said. No appointment needed. Taylor said that the event will be following COVID-19 protocols and asked that attendees wear masks. Information packets will also be handed to attendees, he said. National Night Out will be held at St. Clare Church, located at 236 S. Beach Blvd., Waveland from 9 a.m. to 1 p.m. The event is open to the public and admission is free. Cameron Carter of Diamondhead named to spring 2021 Citadel's dean's list

SEA COAST ECHO

Cameron Carter of Diamondhead, Mississippi is among the nearly 1,100 cadets and students recognized for their academic achievements during the spring 2021 semester.

The dean's list is a recognition given to cadets and students who are registered for 12 or more semester hours and whose grade point average is 3.20 or higher, with no grade of I (In-

complete) and no grade below C for work in a semester.

Academics at The Citadel are divided between five schools: the Tommy and Victoria Baker School of Business, the School of Engineering, the School of Humanities and Social Sciences, the Swain Family School of Science and Mathematics and the Zucker Family School of Education.

The Citadel, with its iconic campus located in

Charleston, South Carolina, offers a classic military college education for young men and women focused on leadership excellence and academic distinction. The approximately 2,400 members of the S.C. Corps of Cadets are not required to serve in the military, but about one-third of each class earn commissions to become officers in every branch of U.S. military service.

Sharing the Light

“There’s a sense that time is precious and you should enjoy and thrive in what you’re doing to the hilt,” — Justice Ruth Bader Ginsburg.

One of my favorite motivational songs is “This Little Light of Mine.” My favorite version is performed by Odetta. If you haven’t heard this version, then I suggest you stop what you are doing and look it up on YouTube.

This job gives me one of the greatest honors, to share the light that is in others.

If I could, I would never attend another municipal or board meeting ever again and be super content to just write feature stories.

But, alas, that is not to be at the moment.

When I was working at the Picayune Item newspaper, I interviewed a young mother in her mid-twenties who had cancer. She had a husband and two children under the age of three.

During the long drive to their home, I thought about the upcoming interview. The story was eerily similar to my uncle’s. He was 24 when he passed away from cancer and left behind a wife and three small children.

I was 12 at the time, and I can still clearly remember his tiny daughter crying “I want my daddy” during his funeral service.

What I thought might be a really sad interview turned out to be one full of laughter and silliness. When you have two toddlers running around, it’s hard not to smile and enjoy their company.

She passed away not long after I shared her story with our readers. But hers was one of courage. She fought to the very end to spend her waking moments basking in the glory of her children.

As I believe I’ve shared before, I’ve interviewed several families who are taking care of children born with rare illnesses.

I’ve interviewed a man with ALS, a most atrocious disease. His quote, “It’s like being trapped in your own body,” will always resonate with me. He too, passed away, not long after I shared his story.

Some of those children have also since passed away. But their memories remain imprinted on my heart always.

Yes, reporters do have hearts.

There are times when it seems overwhelming. Even though I only get to spend a few hours with these people, I am allowed insight into some of their scariest moments. I don’t take that task lightly either.

Hancock History: Catahoula

The Jourdan River inhabits the southern Hancock County coastal plain. A major branch of this river is the Catahoula Creek, named after the now extinct Catahoula Choctaw Indian tribe that once occupied this area. The Choctaw Indian word “Catahoula” means “beloved lake” or “lake people.” In Louisiana, the name Catahoula is applied to a lake, a parish, several small bodies of water, and the Catahoula is recognized as the Louisiana state dog. The Catahoula Creek has been notorious in history for occasional flash-flooding. The creek and another larger tributary of the Jourdan River, the Hickory Creek, are fed by artesian springs which provide a lush riverine ecological system which attracted the early Choctaw Indians and later the pioneer settlers that migrated from the Atlantic

seacoast in the first half of the nineteenth century. These poor yeoman substance farmers traveled in long ox-drawn wagon trains along the Old Federal Road, intending to

homestead 160 acres of this fertile land that had become available after the Indian Removal by Andrew Jackson.

The history of Catahoula is the story about a group of hard-working families who raised animals for profit and

successfully managed the land for over one hundred and fifty years. Precious little is written about the neighborhood in Hancock County called Catahoula. Historically, the important small communities in the Catahoula Creek Basin were Caesar, Leetown, Catahoula, Benville, and Flat Top. This article and forthcoming articles will tell the compelling story of Catahoula, Benville, and Flat Top with anecdotes from living descendants of four original pioneer families that settled this land.

The timber industry provided supplementary income and employment during the period of 1870-1930. Cash crops such as sweet potato, cotton, tung oil, and soybeans came and went over the twentieth century. Dairy farming was popular during the 1950’s and 1960’s, and the milk was sent to the

Crosby Creamery in Picayune. Over the years, beef cattle farming has been the most consistently profitable sector of the agriculture economy in Catahoula and Hancock County. Most trade or commerce was conducted in the Kiln, since Picayune was not a very big community in the past. Early Catahoula evolved as a neighborhood after 1890 with a definite sense of community.

In 1961, the NASA project, called the National Space Technology Laboratories (later renamed the Stennis Space Center) took a significant land mass in the southern part of Catahoula and Benville and all of the townships of Flat Top and Santa Rosa to be a Buffer Zone. A Buffer Zone is an area where the Government owns a

National Hunting & Fishing Day

On Saturday, September 25, wildlife enthusiasts will celebrate National Hunting and Fishing Day. Over a century ago, hunters and anglers were the first supporters of conservation and wildlife management. They recognized that the rapid development and unregulated uses of wildlife were threatening the future of many species. Laws were needed to restrict the commercial slaughter of wildlife. They urged sustainable use of fish and game, created hunting and fishing licenses, and lobbied for taxes on sporting equipment to provide funds for state conservation agencies. This became the foundation of the North American Model of Wildlife Conservation. Because of these efforts, antelope, elk, white-tailed deer, wild turkey, wood ducks, and many other species began to recover from years of unregulated exploitation.

In 1970, Pennsylva-

Guest Column
By James Cummins

nia Governor Raymond Shafter created “Outdoor Sportsman’s Day” in that state. In early 1972, Congress unanimously passed bills declaring National Hunting and Fishing Day to be held on the fourth Saturday of every September. On May 2, 1972, then President Nixon signed the first proclamation of National Hunting and Fishing Day. By late summer, all 50 governors and over 600 mayors had joined in by proclaiming state and local versions of Nation-

al Hunting and Fishing Day. This special day remains the most effective grassroots effort ever undertaken to promote outdoor sports and conservation.

Time spent outdoors with family and friends is quality time. It provides a stress-free time to “get away from it all.” Hunting is the useful wildlife management tool that ensures and maintains the health and abundance of species of game. Outdoor recreation also helps to enhance our appreciation for our natural resources.

Our environment would not be so good and we would not have the opportunity to enjoy hunting and fishing on our public lands were it not for our Congressional delegation, the Mississippi Legislature, the U.S. Fish and Wildlife Service, the USDA Forest Service, the National Park Service, the Natural Resources Conservation Service, the Mississippi Department of Wildlife,

Fisheries, and Parks, the Mississippi Bureau of Marine Resources, and the Mississippi Department of Environmental Quality.

Not to be forgotten are the members, trustees, and officers of Wildlife Mississippi who provide the vigilance and leadership to make sure our lands are maintained under sound conservation practices for the benefit of wildlife and wildlife enthusiasts. The most important efforts are from our sportsmen and landowners. They are the best reason of all to celebrate our great National Hunting and Fishing Day.

James L. Cummins is executive director of Wildlife Mississippi, a non-profit, conservation organization founded to conserve, restore, and enhance fish, wildlife, and plant resources throughout Mississippi. Their web site is www.wildlifemiss.org.

One of my old editors told me that it should only take an hour max for an interview such as one for a feature. Well, I just pretended not to hear him. I like to give them as much time to tell me their story.

At one point in our lives, I think we’ve all had those moments where the confirmation of a medical diagnosis leaves you filled with a sense of terror and the unknown.

Like with the young mother with cancer, I could relate to her story because of what happened to my uncle.

And one of the scariest moments in my life was finding out my dad was in kidney failure.

These stories remind me of how precious and short our time is here on Earth. They also remind me to stop whining about the small things that, at the end of day, don’t matter that much at all.

Last week, Rachel Perniciaro Yaborough passed away.

I interviewed her back in April of this year to discuss her cancer known as Leiomyosarcoma. She

was this year’s Relay for Life Honorary Survivor.

The interview with Rachel took almost four hours and I enjoyed every minute of it. There were special guest appearances by her children Beau Emy, Brock, and Brooks. And I watched with amusement as Brooks successfully won the “argument” with her mom about what she could have to drink.

Those interactions just reiterated what Rachel was relaying to me. She was a mother with a fierce devotion to her children and her husband, Gary. And this was a home filled with laughter, love, and banter.

Rachel was a phenomenal storyteller and when she couldn’t quite remember a certain date or name, Gary would quickly fill in the blanks. Theirs is truly a great love story.

I first encountered Rachel years ago when I started covering the Waveland board meetings.

It was hard not to revel in her tenacity and fierce nature as she dealt with city matters and board members.

Rachel spoke about seizing the moments and giving her children

a sense of normalcy despite the numerous treatments, procedures, and hospital visits.

This quote from Rachel has always replayed in my mind from time to time, “Learning to just seize the moment and do it. We devote so much time to our kids. They’re our life. They’re the reason that I fight so hard and pull myself up by the bootstraps and say ‘I want my girls to remember that I gave them a bath, that I picked them up from school, that I braided their hair. I want them to have it as normal as possible.’”

Not long after Rachel’s story was published, a reader reached out to me and told me that Rachel’s story gave her a different perspective and she realized just how blessed she was.

Seizing the moment may look different than what one might picture. For Rachel, it was giving her children a sense a normalcy and the simple act of giving them a bath or braiding their hair.

It has made me realize more than ever to appreciate the simple moments, like when my nephew is holding my hand as we walk to the car, the nephew talking

my head off about Super Mario Bros, the nephew saying ‘Hey, Cass Cass’ when he answers the phone, my mom talking proudly about the latest puzzle she finished, or my dad calling me or sending me messages that he knows I would find funny or thought-provoking.

Thank you, Rachel, and for that matter, all the people who I’ve interviewed with similar stories. I know it’s often hard to put one’s self out there in a vulnerable manner to be potentially judged by an often unforgiving, judgmental, and just downright mean crowd.

I think it’s brave to share one’s story. It could help someone realize that they are not alone and teach them new ways of seizing the moments. I’m thankful for the opportunity to share others’ lights.

My sincere condolences to Gary, Jude, Brock, Brooks, Beau Emy, and Rachel’s family and friends.

“I felt it important to share my story to share and discuss what cancer cannot take away and also what cancer can give. Cancer can make us love more, love bet-

ter, be kinder. Cancer cannot take our faith, rather it often enhances it, ridding us of the distractions that deter our faithful paths. Also, while certainly it takes time from us, it also directs us to appreciate our blessings, time we have, and use it better. We find empathy, kindness, sharing prayers, even love. We find these with our family, friends, and with our community. And the effect of cancer is to accent and enhance these attributes, makes us better people to each other and brings out the kindness for us all to share together. With my disease and its impacts on my life, my family has recognized that we are truly blessed. While the disease has taken things away from me, hair, physical strength, time with my family, timing of many aspects of my journey have depended on my faith in God and his blessings, irrespective of what my family will endure,” — Rachel Perniciaro Yaborough.

restrictive easement that prohibits certain structures meant for human habitation for the protection of humans and animals as well as ecological protection. Approximately 1/3 of Hancock County comprises the NASA Buffer Zone. No residential houses were permitted in the Buffer Zone. James Lee and Robert Seal and many other families had to move from their houses on the lower Benville Road and elsewhere. Only two percent of the land in the Buffer Zone continued to be used by cattle farmers. Most of the Buffer Zone which comprises Devil’s Swamp was timber forest owned by the International Paper Company.

The first settlers along a key byway in Catahoula, the Dummy Line Road, such as the Dosset Family, and the Sellars Lane neighborhood will be subjects of a forthcoming article.

TERREL PAUL LEE JR.

Terrel Paul Lee Jr., also known as “Joey”, began his journey home on Friday, August 27, 2021. Terrel was thirty-two at the time of his passing. He was born in Bay St. Louis, MS on January 27, 1989 and was a life-long resident. There he met Richelle Lester Lee. Together, they blessed the world with two sons, Carter Paul Lee, (12) and Beaux Russell Lee, (9) who idolized their father. Terrel was so proud of his family & shared his courageous ways, hardworking mind-set, and loving heart with his boys every day. He shared his knowledge & all of his passions with his young sons. He often recalled the days spent with his grandfather fishing on the sea wall and reminisced often about how grateful he was for the time spent with his Papa and how he loved the gulf coast & the peace and tranquility it provided him. Terrel was a certified welder & spent many days working long hours, to provide his family with the life he knew they deserved. You could often find him covered in smut, under the hood of some type of vehicle that he had just bought or traded. He could wheel and deal like no other and you could often expect him

to show up in different vehicles every time you saw him. Terrel enjoyed fishing, vehicles, riding the beach, spending time with his family, but most of all... his biggest passion in life was to be a good man...and that he was. Along with being a loving husband & family man, Terrel also made many friends during his life. People never fail to mention one of the many times he selflessly lent a helping hand without a second thought. Terrel never had the ability to walk past someone in need...stranger or friend, he never saw a difference. He could never drive past someone broke down on side of the road. He insisted that if continued to stop and help than maybe someone would do the same for him or his family. He was a man to live by the golden rule, do unto others as you would want done onto you and because of that, he was very easily loved and will be grieved by so many. He made the world a better place and he meant the world to so many of us.

Terrel is preceded in death by his maternal grandfather, Donald Ray Necaïse, and his aunt and uncle, Danny and Linda Williams. Terrel is survived by his wife, Richelle Lee, their two boys, Carter and Beaux Lee of Bay St. Louis,

MS, his parents Donna Lee (Bay St. Louis, MS) and Terrel Paul Lee, Sr. (Bay St. Louis, MS). Maternal grandmother Nina Necaïse (Bay St. Louis, MS), Paternal grandparents, Wendy Rojas (Duson, LA), & Paul Lee (Harahan, LA), his siblings, Ashleigh/Walter Pierce (Pass Christian, MS), April Jones (Kiln, MS), Brandon Lee (Diamondhead, MS), Kaiden Lee (Bay St. Louis, MS), mother-in-law (Bay St. Louis), father-in-law, Paul Lester (Sun Prairie, WI) sister-in-laws, Sydney Lester (Bay St. Louis, MS) and Mercedes/Jessika Karr (Saint Joseph, Missouri), many nieces, nephews & younger cousins that looked up to him and countless more family members and friends who will miss him dearly.

Services were held at Edmond Fahey Funeral Home located at 110 South Necaïse Ave. Bay St. Louis, MS 39520, On Sunday Sept. 19th 1pm-2pm for family and 2pm-3pm for friends.

in death by her parents; R.T. and Marion James, 1 son; Ronald James, 1 grandchildren; D’Ante Washington. Burial in

Coping with problems

By **C. GERALD RICHARDSON, D. MIN.****C. Gerald Richardson, D. Min.**

Problems are part of life. If we live long enough we will have them. Sometimes they are small and can be either ignored or they are of such little significance that learning

to live with them is not too hard. At other times problems can dominate our lives. They take up all the space in our world. They do not go away, and unless they are confronted they can influence everything that we know.. Problems must be worked through to solution or they remain forever a barrier to growth and development.

Problems may be relational, professional, personal, circumstantial, financial

or more. We live in a complicated society. There are many intertwining relationships which have the ability to complicate our lives. It is not uncommon to see people struggle with problems for years and have their lives disrupted in significant ways. This is often the case when people refuse to make the effort at finding a solution. They want to believe that the problem will just go away.

It is likely that this

is a tendency that many of us have to one degree or another. We all would like to see our problems vanish into thin air. We hope that bad relationships will somehow get better. We would like for hard choices to somehow get made by themselves. We would like to sweep the difficult questions under the rug and assign troublesome people to the backrooms of our lives. The hard truth is that it will not work. The only way

to deal with a problem is to face it. There is no way around most storms. We must either go through them or be consumed by them.

But it is also true that this does not have to be a negative thing in life at all. We grow as we confront the great issues of our lives. We are strengthened as we walk through the storms. And, most of all, we are guided and aided by a spiritual strength which never leaves us

alone. Dr. Scott Peck, a writer in the 1980's, reminded us in his book,

The Road Less Traveled, that facing the storm is not the easy way to go, but in the end it turns out to be the best. The poet Robert Frost put it this way, "Two roads diverged in a yellow wood, and I took the one less traveled by, and that has made all the difference."

Which road will you take?

CITY OF BAY ST. LOUIS
STATE OF MISSISSIPPI
There came on for consideration at a duly constituted meeting of the Mayor and City Council of the City of Bay St. Louis, Mississippi, held on the 15th day of September, 2021, the following Ordinance: ORDINANCE NO. 651-09-2021
AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF THE CITY OF BAY ST. LOUIS ADOPTING SALARY SCHEDULE, ESTABLISHING SALARY COMPENSATION FOR OFFICERS, EMPLOYEES, AND OPEN POSITIONS OF THE CITY OF BAY ST. LOUIS
Thereupon Councilman Josh DeSalvo offered and moved the adoption of the following resolution:
RESOLUTION BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI TO AMEND CITY ORDINANCE NO. 650-08-2021 AND TO ADOPT A SALARY SCHEDULE AND TO ESTABLISH SALARY COMPENSATION FOR OFFICERS, EMPLOYEES, AND OPEN POSITIONS OF THE CITY OF BAY ST. LOUIS
WHEREAS, Miss. Code Annotated § 21-8-21(2) provides that every officer or employee of the municipality shall receive such a salary of compensation as the Council shall by ordinance provide ("Payroll Ordinance"); and WHEREAS, Miss. Code Annotated § 21-8-21(2) also provides that the salary compensation of all employees of such municipality shall be fixed by the Council from time to time, as occasion may demand; and THEREFORE, BE IT ORDAINED by the Mayor and City Council of the City of Bay St. Louis that the attached four (4) page amended personnel budget ordinance, attached hereto as Exhibit A, with total estimated salaries and employee benefits of \$7,460,929.68 is hereby adopted establishing the compensation rate for every officer, employee and open position of the City; and NOW, THEREFORE BE IT ALSO ORDAINED, by the City Council that the Mayor of the City of Bay St. Louis is hereby authorized to compensate any position as may exist on or after the effective date of passage, with a rate not to exceed that specified amount for that particular position as reflected in the above referenced personnel budget ordinance; and NOW, THEREFORE BE IT ALSO ORDAINED, that any and all ordinances or resolutions, or parts thereof, in conflict with this ordinance are hereby repealed. NOW, THEREFORE BE IT ALSO ORDAINED, that the Ordinance shall be in full force and effect thirty (30) days after the date of passage, except where it should pass unanimously in which case, for the safety and benefit of the City, it shall go into effect immediately. NOW, THEREFORE BE IT ALSO ORDAINED, that the City Clerk, pursuant to Miss. Code 21-13-11, provide notice of the adoption of the Ordinance in the Sea Coast Echo for one (1) time. NOW, THEREFORE BE IT ALSO ORDAINED, that the Mayor, City Clerk, or any of their designees are authorized to take all actions, including the revision of administrative forms and procedures to effectuate the intent of this Resolution. The foregoing Resolution was seconded by Councilman Doug Seal and brought to a vote as follows:
Councilman Gary Knoblock ABSENT
Councilman Doug Seal YEA
Councilman Gene Hoffman YEA
Councilman Jeffery Reed NAY
Councilman Kyle Lewis ABSENT
Councilman Buddy Zimmerman ABSENT
Councilman Josh DeSalvo YEA
After being reduced by writing and having received a majority of affirmative votes, the Council President declared that the Resolution was carried and the Ordinance adopted as set forth above on this the 15th day of September, 2021. 09/22/21

in criminal justice at Illinois State. While attending college, he worked as a ticket writer for the Office of Parking and Transportation.

Initially, Brdecka said, he thought he would become a law enforcement officer and started testing for many of the local municipalities.

However, a position at Northwestern University would change his professional course.

He found a job opening for a security coordinator for the libraries at Northwestern. He applied for the position, got it, and worked his way up these past 16 years.

“It’s funny how the world works,” he said. “With change brings opportunity and issues, problems brings opportunity and I was able to take advantage of many of the opportunities that came my way.”

Early on at Northwestern, Brdecka said, the administration liked his personality, liked how was able to build trust, and get people to do what they want to get done, and build teamwork.

Brdecka was promoted to assistant facilities manager and then facilities manager.

“That’s when I realized this organization really cares about me,” he said. “And obviously coming from my childhood, I really didn’t have much of that. I was like ‘what else can I do?’”

So Brdecka decided to pursue his masters in library information science from Dominican University in River Forest, Illinois. He completed his master’s degree in 2015.

hood and everything, I think I can really contribute to the great work of Hancock County.”

Brdecka said that one of his main goals for HCLS is ensuring the creation of a system that gets children into the libraries with library cards in hand.

“Once they hit a certain age, like first or second grade, get them in our libraries with a library card over time,” he said. “So the next year, the same thing with new first-or second-graders that come in, get them a library card and so on and so on. Then as time goes, we’re able to interact and bring programming and really develop a great relationship with all the school systems in Hancock County so that we create a culture of library users for lifelong learning.”

Brdecka said he plans to offer programs for children in all grades, programs that “grow with them.”

“They’ll know a library is something they can utilize in their community, no matter where they go into the future,” he said. “So that we do develop lifelong learning.”

Brdecka said his ultimate goal is assessment.

“My first plan is to figure out where we are right now in terms of school age kids knowing about our services and whether or not they utilize the libraries and figuring out why and that’s our baseline,” he said. “Then we can start with this more systematic outreach. Then we can go back and have the same assessment done to make sure that what we are doing is actually working and getting more people in and creating more of a long-lasting relationship with the community.”

His first short-term priority is getting to know the culture, the organization, meeting with every staff member to hear their thoughts and values, and going out into the community to create relationships.

Brdecka said he is also looking forward to working with the Library Board of Trustees and the Library Foundation Board to complete a new strategic plan — inclusive to all — for the libraries, which includes engaging the community to understand its needs and assessments.

Battle of the Bands raises funds for healthcare workers

Photo courtesy of David Hilbert

The Bay St. Louis Rotary “Battle of the Bands” fundraiser for Ocshner Medical - Hancock COVID staff at Dan B’s In Bay St. Louis on Sept. 11 was a complete success, event chair David Hilbert said. “We were hoping to raise \$500-\$1,500, and we raised almost \$4,000,” Hilbert said. The bands performing included the Dave Mayley Band, John Anderson and the Electric Sheep Band and Chad Barnett and the Assumed Risk Band.

young families and those deaths are absolutely tragic.”

Tucker said that there have been two babies who developed COVID or tested positive for COVID in the neonatal care unit at UMMC.

Tucker described the delta variant as a “more wicked actor.”

“Of those 12 deaths I mentioned, five of those have been since Aug. 1,” he said. “Ten of our 30 ICU admissions have been since Aug. 1 and we’re seeing an increased rate of ICU admissions, but also those moms requiring ventilatory support. We do understand that pregnant women are more at risk for severe disease, for admissions to the hospital, for admissions to ICU, and increased risk of death. The front-line that gets this disease is vaccination.”

Tucker said that the delta variant progresses “much more rapidly.”

“We’ve seen it more specifically in the second trimester between 23 and 28 weeks gestation,” Tucker said. “It does not discriminate. We’ve seen it in people with and without comorbidities. We’ve seen it in people in as young as 23-years-old.”

Dobbs said that the state is still seeing a high number of COVID-19 cases per day. He said that the best way to prevent getting COVID is to get vaccinated.

However, if people do get COVID, Dobbs said, that the monoclonal antibody treatments are effective at preventing hospitalization and can save lives.

Residents can call the Mississippi COVID hotline at 1-877-978-6453 or speak to a physician about monoclonal antibody treatment. More information is also available at www.msdh.ms.gov/getmab.

Dobbs said that the majority of monoclonal antibodies have been used in the southeast in recent weeks.

He said that there are 48 centers of excellence in the state, hospitals or healthcare care systems committed to providing monoclonal antibody treatment to the public and also vaccinations and reaching disparity populations. In addition, there are 249 locations across the state where people can

get access to monoclonal antibody treatment.

Dobbs said there has been a change in the allocation for monoclonal antibodies. Previously, providers could order direct from the supplier, but due to increase in demand, the state has adopted a different model where all antibody requests are required to be vetted through the Mississippi State Department of Health.

“Based on the demand and the allocation provided to Mississippi, we have had enough antibody product to send to all the locations that have requested antibodies treatment this week,” Dobbs said. “We anticipate that in the coming weeks we should have sufficient allocations to meet the need also.”

As far as cases, Byers said that there were almost 94,000 cases reported in Mississippi in August 2021, but he said that it is encouraging to see the daily number of cases continue to drop.

“But again, we’re still at a level of very high number of cases and deaths,” Byers said. “We anticipate that we’re going to continue at those levels at least for a while.”

Byers said that hospitalizations are also on the decline.

However, Craig said that staffing for ICU beds continues to be limited.

The COVID System of Care is still active and mandatory for all hospitals in the state for transferring critical care patients, he said. However, hospitals may now resume Tier 1 and Tier 2 elective surgeries that lead to overnight hospital stays as space becomes available.

Craig said that EMS services throughout the state remained “stretched thin covering 911 calls and patient transfers.”

Free COVID vaccination is available at all county health departments during normal days of operations. Residents are encouraged to schedule a free vaccination appointment ahead of time for quicker service. Same day appointments can also be made. Third-dose appointments are now available for those who are immunosuppressed. Appointments can be made at www.covidvaccine.umc.edu. If someone is homebound and needs assistance getting to a vaccination can email covid-homebound@msdh.ms.gov or call the hotline at 1-877-978-6453.

This year’s city budget includes a total tax levy of 67.8 mills, which is down two mills from the previous year, but

will still bring in more money since the property valuation went up, Knoblock said.

The city’s tax levies for the upcoming year include 22.59 mills for the general fund; 2.06 mills for the 2020 G.O. Public Improvement Bond; 1.17 mills for the 2016 G.O. Public Improvement Road Bond; .93 mills for the City-County Public Library Fund; 1.24 mills for the School Three Mill

Note; 39.85 mills for the School District Maintenance Fund; and 41.09 Mills for Schools.

Last year, one mill was worth approximately \$136,000 dollars. This year, one mill is worth around \$170,000.

“If we had kept the millage the same, it would have been a million dollar tax increase for entire city,” Knoblock said, “but we rolled back \$340,000.”

been cohesive, educated on the topics, and aligned on a common mission of growing tourism in Coastal Mississippi, had devolved into partisan pit, whereby policy and actions were being decided by a small group, and then forced on the institution by a Harrison County Contingent that voted consistently in a nine-member block, at times against the advice of its own attorney.

I believe, and continue to believe, in the regional approach that the Coastal Mississippi Regional Tourism represents. For many reasons, a regional approach is critical to our long-term success as a tourist destination. Critically, our competition approaches tourism regionally—it is a winning strategy. It has allowed Coastal Mississippi the resources to invest in quality branding, quality staff, and greatly increase dollars spent on direct marketing.

When Milton Segarra became CEO of the organization, he brought a data driven methodology. He brought incredible instincts on how and when to pivot. Using market research, he and his team identified consumers that needed our product and identified how to reach them so that they would select our destination. He has also built and motivated a team of people with the experience and skills required to navigate our unique environment.

He saw us through the Bonnet Carre Spillway opening and the resulting damage to our beaches. His team developed consistent messaging so that all our elected officials could respond appropriately when offered a chance to tell our story in a way that acknowledged our challenges but did not become messaging that would turn people away in the future. He saw us through the Covid-19 pandemic. His leadership helped organize the DMO’s across the state to go to the legislature, speak with one voice, and get ~\$3.5M dollars of CARES act money to help Coastal Mississippi weather the storm. Make no mistake, there was no set-aside of the CARES Act money for Tourism—without his leadership I do not believe that we would have ended up with that much money.

The Harrison County BOS recently challenged Milton on his salary. It is important to note that Milton’s contract and pay are based on performance, his contract was negotiated by the Regional Tourism Board, and it was voted on and approved by that Board—a board that Harrison County has both majority and quorum. His contract could not have been approved without the votes of Harrison County representatives. Questions were asked about how it is possible to justify his salary in comparison to sheriff’s deputies, that make “\$35,000 or even \$25,000” per year. It is right to be appalled at the difference, but not for the reasons supposed in the recent BOS meeting. I find it absolutely appalling that we ask men and women to put on body armor, strap on a gun, and pay them nearly minimum wage

to put their lives at risk in service to others. The travesty is not in how much Milton makes, but in how little we are willing to pay those that are on the front line.

The only public words that I have heard from Harrison County BOS with respect to being unhappy with Milton’s “performance” has been with respect to his pay. Yet, they have never come before the Regional Tourism Board, nor has any member of the Regional Tourism Board suggested, or made a motion to change or re-negotiate his contract or salary.

Milton was paid very well. Those compensation levels come with huge expectations. For perspective on just how great a job Milton was doing, in July of 2021 room tax revenues to the Regional Tourism Board were \$47,524 (Hancock), \$695,805 (Harrison), and \$107,016 (Jackson), a total monthly revenue of \$850,345. Past July totals were \$527,773 (FY2017), \$569,012 (FY2018), \$456,534 (FY2019—Bonnet Carre / Freshwater Intrusion), \$440,562 (FY2020--COVID), and \$850,345 (FY2021—Still COVID). Just to put this in perspective, if you compare the historical highest monthly July total to July 2021, the organization realized \$281,333 more dollars from room tax revenues. There are no one-time monies or grants included in these numbers. Milton Segarra’s efforts generated in one month additional revenues equal to more than his entire salary for the year. His leadership, his values, and his skills are absolutely expensive—and worth every penny.

I resigned because the Regional Tourism Board is, in my opinion, deeply flawed and at this point unsalvageable, due to two fundamental issues: 1) the representation on the board does not accurately reflect the spatial and cultural diversity of our Coastal Counties, and 2) members of the Regional Tourism Board are not as independent as they should be because any board member can be recalled by their respective County Board at any time for any reason—I am unaware of any other board in the state of Mississippi that allows a board member to be removed at any time for any reason.

To fix Regional Tourism requires a legislative fix. I believe that the best way to make the Regional Tourism Board successful is for the make up of the board to be changed to more accurately reflect the regional approach: I think this is best accomplished by giving every municipality on the Coast a seat on the board. There are 15 municipalities in Coastal Mississippi (three counties, and 12 cities), and there are 15 seats on the board. I believe that every city and every county deserves a seat at the table—we are all in this together. The dynamics of the board would be further benefited if a board member’s removal were restricted to gross malfeasance rather than any-time/any-reason as it is today.

I did not resign because I did not get my way. I did not resign because my ego was bruised from my ouster as president. I did not

resign because I no longer believe in Regional Tourism.

I resigned because I no longer feel that my values are aligned with the current board. I resigned because the Harrison County Regional Tourism Commissioners have demonstrated a willingness to do whatever they want to—because they can, not because it is good for Coastal Mississippi. I resigned because I would never be able to look another candidate for the position of CEO, in the eye, and tell them they could build a career here. I resigned because a great travesty has been maligned on a true gentleman, who worked hard, and delivered amazing results. I resigned because I believe that Coastal Mississippi is better than this.

Although I resigned, I have not quit. I will continue to work to support regional tourism. We need changes to the structure so that all are represented—and that the misplaced agendas of a few can’t derail an entire industry. We need to acknowledge that regional tourism works, that we are stronger together. Jackson and Hancock County together, historically, put in ~\$1M per year into the organization. The marketing budget for the organization has been ~\$2M per year. The bookend counties represent 50 percent of the marketing budget. The organization that was created in the past, got us an experiment—an experiment that worked. Our numbers through this pandemic are nothing short of amazing. Amazing compared to our past performance, and amazing compared to the performance of our peers (the real measure).

There are many possible solutions, but it will take all of us coming together to make it happen. We need an organization founded on representing the 12 cities and the 3 counties across Coastal Mississippi. We need an organization cemented in a goals-oriented approach that recognizes that we are stronger together than we are apart. We need to support regional tourism. We can do this.

I believe in Mississippi.”

Last Friday, Coast Mississippi CEO Milton Segarra announced his resignation from the organization.

In other action: Hancock County’s Household Hazardous Waste Day is scheduled for Saturday, Oct. 30 from 8 a.m. to 1 p.m. at the Hancock County Arena.

The board approved a motion to appoint Michelle Crowley to the Diamondhead Fire Protection District’s Board of Commission with a term expiration date of Oct. 3, 2025. The board also approved the reappointment of Brian Adam to the Hancock County E-911 Commission for a four-year term.

The board approved the hiring of Scott Schaefer as the Network and Security Administrator with an annual salary of \$72,500, effective Sept. 20.

The next meeting is scheduled for Oct. 4 at 9 a.m.

HAWKS SOAR PAST BULLDOGS EARLY

BY MAURICE SINGLETON
CONTRIBUTING WRITER

The Hancock Hawks (3-0) jumped out to an early lead against Lanier High School on Friday night in the Kiln, scoring on all four of their first half possessions and adding a fifth score on defense, all before half-time. The Hawks would score again on their first possession of the second half on their way to a 42-8 rout of the Bulldogs.

Senior quarterback Brandon King would lead the Hawks' offensive attack, culminating the opening possession 51-yard drive with a 10-yard keeper for the game's first score.

Lanier picked up a first down on a personal foul penalty against the Hawks on the first snap of their ensuing possession, but they were only able to gain 9 yards, including a fake punt on fourth down that ended a yard short of a first down.

The Hawks would take over at the Lanier 45 yardline. From there the Hawks only needed five snaps to score again as Cameron Miller would get them going with a 10-yard carry. Jeffrey Hopgood would add a 3-yard carry, and King would keep for 2 yards and complete two passes, a 15-yarder to Tanner Ladner and an 18-yarder to Pierre Fowler for the touchdown and a 14-0 lead.

Hancock Hawks quarterback Brandon King keeps for 9 yards and a first down on the Hawks' first possession of the second half. The senior signal caller would keep for a touchdown and complete an 18-yard pass for another touchdown in the Hawks third win of the season.

"I was pleased with the way we came out," said Hawks' coach Neil Lollar. "We came out and executed our offense. Defensively, I thought we did good. We bowed up when we needed to. We got the ball back for our offense. I think they did a great job executing, especially in the first half."

"I don't think we had to punt one time," added Lollar. "We were looking to kicking through the uprights every time we get the ball, so I think that was very productive."

On the first play of the second quarter, King connected with Ladner for 21 yards and into Bulldogs's territory at the 44 yardline. Miller would tote it for 8 yards and Jasper Talley went to work from that point, carrying three times for

runs of 11, 14 and four yards for the score.

The Hawks wasted little time to score again as defensive back Coby Kern picked off the Bulldogs on their second snap and returned it approximately 30 yards for a touchdown, and a 28-0 lead following Finn Cowann's fourth PAT kick with 7:23 remaining on the second quarter clock.

The Hawks' would once again make a significant play on the Bulldogs' ensuing possession as Miller would get in the Bulldogs' backfield to block the visitors' punt attempt. The Hawks fielded the ball at the Bulldogs' 5 yardline. And from there the Hawks' offensive line pushed against the Bulldogs as Hopgood carried twice for runs of 4 yards and a 1-yard touchdown

carry.

The Bulldogs mounted an 8-play drive to open the second half, which culminated in a 51-yard punt, putting the Hawks at their own one yardline.

King broke free for a 9-yard keeper on third down to open the field up for the Hawks. Then Fowler added a 9-yard carry, followed by Hopgood with a 13-yard carry. King then connected with Ladner for 9 yards. Then Micah Harris punched through for 5 yards.

King carried again for 11 yards on his final carry of the night to the Bulldogs' 44 yardline. Hopgood raced for 11 yards in front of the visitors' bench on the next

snap.

For the next snap the Hawks brought in quarterback Dylan Moran. On his first snap, the sophomore signal caller completed a 33-yard touchdown pass to Miller, putting the Hawks up 42-0 with 1:13 remaining in the third quarter.

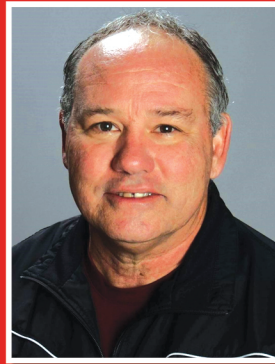

The Bulldogs would score on their ensuing possession and convert the 2-point attempt to close out the game's scoring at 42-8.

King would lead the Hawks, completing 8 of

eleven passes for 100 yards and a touchdown and rushing for 43 yards on 6 carries and a touchdown.

A committee of four running backs would tally 105 rushing yards. Hopgood would contribute 32 yards and a touchdown. Talley would add 29 yards and a touchdown, followed by Miller with 25 yards and Harris with 19 yards.

The Hawks (3-0) travel to Oceans Springs next Friday to open district play.

Bay holds off Purvis

BY MAURICE SINGLETON
CONTRIBUTING WRITER

The Bay High Tigers were involved in a shoot out with Purvis on Friday in the Bay, but the Tigers held their ground, holding off the Tornadoes with a goal line stand with 7:32 remaining on the game clock. The Tigers would outscore the Tornadoes with a 40-33 win.

The goal line stand prevented the Tornadoes from tying the game with 7:32 left on the game clock. From there the Tigers would move the football down to the Purvis 40 yardline. However, a penalty and a couple of losses moved the ball back to midfield, giving the Tigers a fourth down with 54 seconds remaining on the game clock. So the Tigers punted.

The Purvis player mishandled the punt, and it was recovered by Bay's Vincent Lan to seal the win for the Tigers. Xander Ladner took a knee twice to run out the clock.

"The goal line stand was huge," said Tigers coach Jeremy Turcotte. "I've got to give a ton of credit to Coach Hankins and Purvis. They came in and had an excellent game plan for us. We had to move a few guys around this week. (We) had a couple of people dinged up and stuff like that, and we made some adjustments in the second half. We threw a little different defensive front at them and I think that helped at the end."

"We just kind of got discombobulated by having to overcome a couple of guys that are banged up but are going to be perfectly healthy," added Turcotte. "I think the kids rose to the challenge right there. I actually thought we had them stopped the series before, but they squirreled out of it on a penalty. We had them shut down; they got a big

pass interference call, and they were able to get down to the goal line. And our kids just rose to the challenge."

"I'm very proud of them," said Turcotte. "We didn't panic. We came out, and I won't say we were flat. We weren't chomping at the bit. The last couple of weeks we came out chomping at the bit. Tonight we came out a little sluggish. We let them go right down and score. Of course, I attribute that to the great job that they did."

For the first time in three weeks, the Tigers were forced to come from behind to win. After trailing 21-19 at halftime, the Tigers would put up three scores in the third quarter, and hold the visitors to two scores.

The game was tied twice in the third quarter at 27-27 and 33-33, but the Tigers capitalized off of a special teams play as Carson Moran would return a 73-yard kickoff return to the Purvis one yard line.

The Tigers would break the second tie of the night, taking the lead with just under a minute remaining on the third quarter clock on a one-yard Noah Cutter carry for the score to give the Tigers a 40-33 lead after Avery Harris successful PAT kick.

The game was originally scheduled to be played in Purvis, but due to field conditions in Purvis, the game was changed to Bay St. Louis. The Tigers improved to 3-1 on the season, and they will host St. Stanislaus on Friday.

SSC QB Alex Fabra (#10) looks downfield to Pass as Davien Lagarde (#1) looks to pick up a blitzing Kam White (#2) of Pass Christian.

The Pass Christian Pirates (3-0) made the short drive across the Bay ridge to take on the Saint Stanislaus Rock-A-Chaws (1-2) and the game did not disappoint the fans. Pass Christian held on for a 17-7 victory.

The two teams were playing for the 46th time in history and it turned into a no-holds barred defensive battle for much of the game. The series now stands at 24-20-2 in favor of Saint Stanislaus.

The Rocks scored on their first possession of the game with a five-play drive that featured four runs by Davien Lagarde. He ripped off runs of 16, 14, 29, and 14 yards with the last one finding the endzone with 9:36 left in the opening quarter. Evan Noel made the

score 7-0 with the PAT. The Pirates went three-and-out on their first series, but on their second possession they lit the board.

Pass Christian went on an 18-play drive that took almost seven minutes off the clock.

The drive featured a mixture of Kam White and Jacquez Alexander toting the mail. When Ryan Tyler, Joe Bradford, Spencer Cornell, Jackson Montjoy and other Rock defenders bottled up the Pirates at the Rock seven yard line, Davon Klein came on the split the posts for a 24-yard field goal. With 11:55 left to play in the half, the score was 7-3. And, it would stay that way until after intermission.

The Pirates opened the second half of play with a 10-play drive of White and Alexander. However, on the final

play, White hooked up with Anthony James for a 45-yard scoring aerial. Klein nailed the PAT to make the score 10-7.

Both teams suffered turnovers during the defensive battle before the Pirates capitalized on a Rock miscue.

Pass Christian’s Jaylin Acker picked off a Rock pass at the SSC six yard line and returned it 18-feet for a touchdown with 8:35 left to play in the game. Klein converted on the PAT to make the final score.

Pass Christian head coach Chase Carmody commented, “The interception return for a touchdown was huge and really turned the game for us. I thought we played well defensively. We knew it would be a fight this evening. We made a few plays when we had to which was which was difference. We have to clean up our

penalties. We had way too many tonight. We have Poplarville coming to us next week which will be a very good measuring stick for us.”

Pass Christian’s Alexander had 102 yards rushing on 16 carries while White added 65 yards on 20 carries.

On defense, the Pirates were led by Xavian Chamberlain with seven total tackles followed by Aiden Dedeaux and Terry Patton with four tackles each.

SSC head coach Nate Encrpera stated, “I was proud of what we did defensively. Kam White is a great athlete and we did a good job of keeping him in front of us. We did not execute well offensively which put us in tough situations. We have to get better this week and get ready for Bay High. We know they will be ready Friday and we have to be able to match their intensity.”

The Rocks were paced by Lagarde on offense se with 88 yards and a touchdown on 11 carries. On defense, Jackson Montjoy delivered 13 total tackles and an interception while Joe Bradford had 12 stops and a sack. Ryan Tyler added 10 stops with a sack, hurry, and pass deflection.

The Rocks and the Tigers will meet for

the 53rd time in history Field. Kickoff is set for at Joe D. McCullough Stadium/Tank Williams 7 p.m.

Trooper Caleb McQueen won the David Bruce Ladner Award.

Hall said at the ceremony, held at Da Kitchen in Waveland Monday. “It takes a special person to be an officer, a special person to be a firefighter, a special person to rush to the aid of someone who is hurt or in trouble. ... We take for granted, as citizens, our emergency responders, but they are always there for us. “You get up every day and try to live your best life and help others. Thank you.” Hall and fellow Unity Organization member James Butcher presented the awards. The first award of the evening — the James Stewart Award — went to Chief Investigator Barry Smith of the Pass Christian Police Department. The award is named for the late Investigator James Stewart of Pass P.D. The David Garcia Award for outstanding firefighter of the year went to Deputy Chief Ronald Avery of the Bay St. Louis Fire Department. “I’m accepting this

award for all my firefighters, because they are the reason I’m up here,” Avery said. He praised the efforts of the entire department. Waveland Police Department K-9 Officer John DeSalvo was awarded the K-9 unit of the Year Award. Deputy Reginald Fowler of the Hancock County Sheriff’s Office was awarded the first annual Michael Boutte Award, named for the deputy who lost his life while on duty earlier this year. The Ronnie Peterson Award — named in honor of the late long-time Hancock County sheriff — went to Capt. A.J. Gambino of the Diamondhead Police Department. “I wouldn’t be here without the support of all the officers in the Diamondhead Police Department,” Gambino said. “They’re the reason I’m getting this award.” The Officer of the Year Award went to Asst. Chief Bryce Gex of the Mississippi Department

of Marine Resources. Mississippi Highway Patrol Trooper Caleb McQueen received the David Bruce Ladner Award, named for the late patrolman who died in the line of duty in 1987. The award was presented by Ladner’s son, Brandon Ladner, who praised McQueen’s dedication to courteous service to the people of Mississippi. “I want to thank the Community Unity organization for this honor,” McQueen said. “I wake

The 2021 Hancock High Education Foundation Hawk Pride 5K Fun Run/Walk is scheduled for Saturday, Oct. 30, at Hancock High School, 7084 Stennis Airport Dr., Kiln. Check in is at 7:30 a.m. The race begins at 8 a.m. Proceeds will benefit the Hancock High Educational Foundation, a 501(c)(3) organization which promotes and provides support for student and teacher recognition programs at Hancock High School. There will be individual and team prizes. Appropriate, family-friendly costumes are welcome. Register for the Hawk Pride 5K Fun Run /Walk at hancock-high-education-fo.square.site/ Registration is \$20 for the general public, \$10 for HCSD students and \$15 for HCSD employees. Hawk Pride Fun Run/Walk t-shirts will be available for \$5 and \$7.

To be SAFE, be AWARE EVERYWHERE.

Electrical safety starts with being aware of electrical hazards. Think safety first and use these tips to stay safe at home, on the job and on the go.

Electricity from power lines can “jump” to nearby objects...including you. That’s why you should always stay at least 10 feet away from overhead lines.

Attention DIYers: There are live wires behind those walls. Use an electrical cable detector to locate them before your drill bit does.

Before you dig that flowerbed, remember there may be underground lines where you’re about to dig. Call 811 to locate them and your project will turn out just rosey.
